

Make it a Safe and Happy Holiday

from Your ADOA Information Security

DECEMBER 2007

Security Tip of the Month

Even though it is a holiday, we still need to be diligent about protecting our systems, both at work and home. Hackers don't stop working or take a holiday. Make a New Years Resolution to keep your passwords safe from prying eyes and to change them often. Use non-word passwords including characters, capitals letters and numbers.

Sun	Mon	Tue	Wed	Thu	Fri	Sat
						1
2	3	4	 Hanukkah	6	 Pay Day Pearl Harbor Day	8
9	10	11	12	13	14	15
16	17	18	19	20	 Pay Day	22
